FORMAT/RULES

- NAA (National Archery Association) Target Rules of Shooting will apply.
- Archers must provide their own equipment.

When finished shooting, step back from the line until all are finished. You may place your bow on the floor if you wish or take it to your chair. Wait for the signal to "recover" before stepping out in front of the shooting line. If anyone spots a dangerous situation, such as a human or animal approaching the shooting area, yell "**CEASE FIRE**" until the danger is past
- On each target, one person will score at a time. While one person records the score on the score sheet, the person scoring will call the score of each arrow as it is removed, starting with his highest scoring arrow first. The person recording should stand beside and slightly in front of the target, not directly in front where an arrow suddenly pulled from the target could cause injury.
- Count your arrows before leaving the target to return to the shooting line.
- If there is a lost arrow, a search line can be formed before the next end is shot. Notify the official in charge if this is needed.

Criterium

Sponsor: BARRIES SPORTS

Date: Tuesday - August 12

Time: 6:00pm

Venue: Holt Arena Parking Lot - ISU campus

Distance: 1km, technical course with seven turns. Riders in the 50-54 age group will ride with our masters 45+ and "B" riders in a points-format race.

The points race is 35 minutes plus two laps, and there are three intermediate points sprints plus the final sprint. Points are awarded 5-4-3-2-1 for each of the three intermediate sprints and 10-8-6-4-2 for the final sprint. Riders 55 years old and older will ride in a separate race that is 20 minutes plus two laps in length. Although the ICE riders in that field (juniors and women) will be scored in the points format, the senior games participants will be scored in regular format in order of finish at the end. Lapped riders may continue to ride, and we just keep track of how many laps down they are. Everyone finishes on the same lap, so the winner in each age class is the rider on the lead lap who finishes first. Next places are all the other riders on the lead lap in their order of finish, then the riders one lap down in their order of finish, then riders two laps down, etc.
